

CUSTOMER FIRST FAQ

GENERAL FAQ

Why is Isagenix launching Customer First?

- To help Associates reach more Customers and serve them better
- To simplify the ordering and enrollment processes for everyone
- To expand and protect the Isagenix opportunity with no-compromise, responsible business practices

What are the highlights of Customer First?

- Members join Isagenix as Customers first
- Customers can choose to become an Associate at any time
- Customers and Associates will enjoy an easier and more mobile friendly enrollment process
- Customers wishing to simply try the products will have the option of no annual Membership fee
- Associates may experience additional advancement opportunities
- Customers can receive Product Introduction Reward coupons when they introduce new Customers who buy qualifying Isagenix systems and paks upon enrollment

Is Customer First a change to the compensation plan?

No, Customer First provides enhancements to the compensation plan but does not change the way compensation is calculated and paid out.

What's the difference between a Customer and an Associate?

An Isagenix Customer is someone who wants to enjoy the benefits of Isagenix products at reduced prices by establishing an Isagenix Customer account. Customers may not resell products or participate in the Isagenix Team Compensation Plan, but do have a position in the Isagenix genealogy tree in order to track their orders and compensate their support team.

Isagenix Associates have the advantages of Isagenix Customers as well as the ability to earn commissions through the Isagenix Team Compensation Plan. To become an Associate, Customers simply log in to their Customer account, indicate their interest in becoming an Associate, and follow the steps provided.

How does Customer First impact annual membership fees and Autoship?

Although we offer better price discounts for those who pay an annual membership fee (referred to as "Preferred Customers"), others can join without paying a Membership fee. The no-fee option removes a barrier that may have previously discouraged some potential Customers from joining us. Additional rewards are available for those who elect to join the optional Autoship program. See below for more details.

NEW MEMBER DISCOUNT TYPES

MEMBER TYPE	VALUE	WITH AUTOSHIP	ANNUAL MEMBERSHIP FEE	PRICING [^]	ELIGIBLE FOR AUTOSHIP REWARDS
PREFERRED CUSTOMER	BEST	YES	US/CA\$29	25% off RETAIL	YES
	BETTER	NO	US/CA\$39	25% off RETAIL	NO [†]
CUSTOMER	GOOD	YES or NO	US/CA\$0	10% off RETAIL	NO

[†]Preferred Customers without Autoship may elect to participate in the Autoship program at any time. In order to qualify for the Autoship Rewards program, the Preferred Customer must meet the requirements and qualifications within 34 days of their initial order.

[^]Percent pricing discounts are approximate.

How does Customer First impact Active status?

Associates can continue to meet their “Active status” requirement as they do today – by having at least 100 in Personal Volume (PV), from personal orders (for personal use or for face-to-face Retail Sales) or from Retail Direct Sales.

Requirements to qualify as a Paid-As Consultant will also remain the same – by being Active (at least 100 PV) and maintaining a minimum of one Active Personally Enrolled Associate on each side of the Sales Team (Left and Right) at any time within the prior 30 days; or, as a new alternative, an Associate can now qualify as a Paid-As Consultant by being Active and having at least 100 in business volume (BV) from one or more Personal Enrollees on each team leg (Left and Right) in the prior 30 days.

Does Customer First impact how Associates’ compensation is determined?

Compensation will continue to be calculated and processed as before. Product sales to consumers will continue to be the foundation of the Compensation Plan.

Does Customer First positively impact how Associates share Isagenix?

Customer First is intended to make sharing Isagenix with potential Customers and business builders easier and makes it easier to for new Customers to try our products. It’s as simple as You Share, They Share, Repeat™!

Does Customer First impact Isagenix ranks and rank advancements?

Isagenix has created a better way for Associates to advance in rank. The date a Customer transitions to an Independent Associate is their starting date for rank advancements and Crystal rank advancements.

What countries have Customer First?

The United States, Canada, Puerto Rico, Australia, New Zealand, and United Kingdom have Customer First.

Only Associates receive an Isagenix personal website.

What happens to current Preferred Customers?

Preferred Customers will remain Preferred Customers and will continue to pay wholesale pricing. Annual renewal fees will be charged as usual. Preferred Customers can transition to become an Independent Associate at any time.

Will my Isagenix recognition rank change under Customer First?

Associates will maintain their highest recognition rank, and their Crystal rank advancements will be based off their initial join date.

What happens to inactive Associates?

Associates and Members who have purchased products in the 90-Day period preceding the launch of Customer First, but who are otherwise inactive, (not engaged in any business-building activities), and Associates and Members who are able to order but have not purchased products in the 90-Day period preceding the launch of Customer First will be transitioned to Preferred Customer status when Customer First launches.

CUSTOMER FAQ

What is an Isagenix Customer?

An Isagenix Customer is someone who wants to enjoy the benefits of Isagenix products at reduced prices by establishing an Isagenix Customer account. Persons who establish a Customer account, whether preferred or not preferred, are referred to collectively as "Customers." Customers may not resell products or participate in the Isagenix Team Compensation Plan, but do have a position in the Isagenix genealogy tree in order to track their orders and properly compensate their support team.

How do I create a Customer account?

To create an Isagenix Customer account you must complete the simple enrollment process and place your first order that includes at least one commissionable product. Customers must select a Membership level, pay any applicable Membership fee, agree to the Customer Terms and Conditions, be at least 18 years old, and live in a jurisdiction where Isagenix is officially open for business.

Can a Customer become an Independent Associate? If so, how?

Yes! We encourage Customers who enjoy sharing Isagenix with others to consider becoming an Independent Associate. To become an Independent Associate, log in to your Customer account and click on the box titled "Pathway to Associate." You will be prompted to provide business-related information, agree to Associate terms and conditions and to the policies and procedures, and watch a brief video, among other things.

Do I have to purchase something to become a Customer?

Yes, new Customers must purchase a commissionable product. (A "commissionable product" is a consumable Isagenix product that has a point value assigned to it for calculating Associate commissions/bonuses.)

Does Isagenix recognize Customers for referring other Customers?

Yes! We truly appreciate referrals from Customers who love our products and want to share them with others. While Customers may not resell our products or receive cash compensation from Isagenix, we do offer Product Introduction Rewards (PIR) coupons (and, if applicable, Double Product Introduction Rewards coupons) when a Customer introduces a new Customer to Isagenix and that Customer purchases a qualifying product. The PIR coupon can be applied to reduce the cost of a future order. The coupon may be used only toward the price of the products and not for shipping or other costs and must be used within one year. Other restrictions may apply.

How do Product Introduction Reward coupons impact enrolling sponsors?

When a Customer redeems a Product Introduction Reward coupon the Enrolling Sponsor will still receive the full business volume for the order in accordance with the Compensation Plan.

Can I build a team as a Customer, just like an Associate?

You can share Isagenix with your friends and family, in accordance with the Customer Terms and Conditions, however, you cannot build an Isagenix business and earn commissions for doing so. (As a Customer, new Customers you may personally enroll through your account will automatically be placed in an outside leg of the genealogy tree for you and cannot be placed on an inside team leg. If you wish to place a Customer in a specific position and/or earn commissions you must transition the account to an Associate account.)

Can a Customer accumulate volume?

To encourage Customers to try the Isagenix business, all Customers are eligible to accumulate group volume on their entire organization for their first 90 days and excess personal volume over 100 for 180 days. However, to take advantage of any accumulated business volume, a Customer is required to open an Associate account within the 180-day period immediately following the date the account is opened. If the Customer becomes an Associate, they will receive a 30-day grace period to ensure they become active with 100 PV. If the Associate does not become active with 100 PV within 30 days of becoming an Associate, the group volume will no longer accumulate until they become active again.

How long does a Customer have to become an Independent Associate?

Isagenix Customers may apply to become an Associate any time. If the transition to Associate is made within 24 months after becoming a Customer, the Associate would retain his/her original position in the genealogy tree.

Why can't I enroll as an Associate?

Actually, you can! You just need to complete the enrollment process. Once you place your initial product order, you will either be listed as a Customer or Preferred Customer. As a second step of the enrollment process, you can elect to become an Associate. This process can begin immediately after ordering products or whenever you're ready to become an Associate.

ASSOCIATE FAQ

If I am currently an active Associate do I need to go through the Pathway to Associate process?

No, all current Active Associates as of March 27, 2017 will remain Associates without going through the Pathway to Associate process.

How does this impact my International Sponsorship?

Customer First will not impact your International Sponsorship; however, the International Sponsorship will come with an international Tool Kit. Once purchased, this Tool Kit will provide access to international marketing items. Please bear in mind, the Customer First program is not launching in all markets and is available only to those in the United States, Puerto Rico, Canada, Australia, and New Zealand.

How does Customer First affect re-entry?

Customer First won't have an impact specific to re-entry.

Will Customer First have any impact on my payment, timelines, and calculations?

No, Customer First doesn't change the compensation plan, payments, timelines, or calculations.

What happens if I am a current Associate on Autoship and I decide to cancel my Autoship?

Autoship is the best way for you to receive maximum savings on all of our paks and systems. You can modify your Autoship at any time to meet your needs in lieu of suspending your recurring order; however, if you do need to place your Autoship on hold, please contact the Customer Care Team at 877-877-8111 or Support@IsagenixCorp.com. Suspending your Autoship does not affect your Membership, and you can continue to order products as needed.

Can I earn Product Introduction Rewards if I am an Associate?

If you are an Associate you do not earn Product Introduction Rewards (PIR) coupons for sharing qualifying paks. Instead, Associates can earn Product Introduction Bonuses (PIBs) – for sharing qualifying systems – in accordance with the Compensation Plan.

Can Associates 'roll back' to Preferred Customer status? if so, what happens?

See answer to "What Happens to Inactive Associates?"

If an Associate rolls back to Preferred Customer status can he/she become an Associate again?

Yes, if an Associate falls back to a Preferred Customer after the Customer First launch, they can simply log in to their Customer account and select the box titled "Become an Associate." This will prompt them to start the Pathway to Associate process. However, Associates who enrolled prior to Customer First will maintain their highest recognition rank, and their Crystal rank advancements will be based off their original join date.

Why can't I enroll a new member as an Associate?

You can assist your new Member through most of the enrollment process, including assigning them to a position in your organization, but they do need to complete the Associate enrollment process themselves by providing their personal information, agreeing to the Policies and Procedures, and watching a short video. This process can be completed immediately or whenever the Member is ready.

How are Platinum businesses impacted by Customer First?

Platinum businesses only need to stay active in one business center with 100 BV to remain active in all centers. A Platinum Member can become a Paid-As Consultant by having 100 PV in one center and at least 100 BV in each of their multiple right and left teams through any number of personally enrolled Associates or Customers.

How do returns impact Paid-As Consultant status?

Returns may impact your Paid-As Consultant status. To become a Consultant, you must accumulate at least 100 PV and generate a minimum of 100 BV in total combined sales to any number of personally enrolled Customers and Associates from each team (left and right) with at least 300 BV total in the prior 30 days. If a personally enrolled Customer or Associate returns product and you do not have a total of 100 BV in each of the right or left teams, this will impact your Paid-As Consultant status.
